

# Haven Mini Pizza BBQ Oven HAP001

<https://www.jackfitzgeraldelectrical.ie/product/haven-mini-pizza-bbq-oven-hapo01/>

Diversify the way you use your BBQ, with this Mini Pizza BBQ Oven from Haven. Suitable for use with your charcoal or gas barbecue, this accessory will have you cooking up a delicious variety of food for you and your guests.

This pizza oven is bound to make you the host with the most, allowing you to effortlessly bake authentic Italian style pizzas and flat breads, or sear succulent meats and fish. Double insulated, and made from durable carbon steel, it heats up quickly to provide an even heat distribution and retention. It can even cook pizzas of up to 10 inches in just 10 minutes on the ceramic stone, so no guest will be left hungry. Featuring a built in thermometer for added convenience, you can monitor temperatures throughout your al fresco cooking experience too. What more could you want?

Lightweight in structure, and with two integrated carry handles, this Haven BBQ oven is easy to transport between locations. Arriving fully assembled, it is ready to use with no set up required. And when it is time clean up, you can rest assured that this will be no big task, as the stainless steel interior is easy-to-clean.

## Features and Benefits

- **Versatile Operation** – Use this BBQ oven on a charcoal or gas BBQ to cook a variety of tasty food such as pizzas, flat breads, meats and fish.
- **Fast Cooking Results** – Being double insulated, this Haven Pizza Oven is fast to heat up whilst offering even heat distribution and retention.
- **Portable Design** – With a lightweight structure, and two carry handles, this BBQ pizza oven can effortlessly be transported to your next get together.
